

Farmgirl at Heart

By Brian Gill

Verse 1.

C
I love to see the hills gold and green,
C F C
Blossoms on the cherry trees,
C
I love to watch the wheat fields blowin'
F C
Like an ocean in a warm summer breeze.
G C
Just like my mother before me
F G
And like her momma right from the start,
C C
I'm a farmgirl,
F G C
A farmgirl at heart.

Verse 2.

C
Mother Earth, she's a woman,
C F C
She's the giving kind,
C
Just tickle her with a hoe, plant some seeds,
F C
She'll feed you, just give her a little time.
G C
Just like my father before me
F G
And like his momma right from the start,
C C
I'm a farmgirl,
F G C
A farmgirl at heart.

Bridge:

F
There's a new sun rising,
C F
People comin' back to the land.

C
Times are hard enough for the family farmer,
D G7
If you can, won't you lend a hand?

Verse 3.

C
Buy local, buy organic,
C F C
It's the only way to go.
C
Help the young folks get back to the land,
C F C
Teach 'em to eat right and how to grow.
G C
Some people call me old fashioned,
F G
I've been this way right from the start.
C C
I'm a farm girl,
F G C
A farm girl at heart.

Bridge:

F
There's a new day dawnin',
C F
People searchin' for a simpler time.
C
They're tryin' to get back to the land,
D G7
And find a little peace of mind.

Verse 4.

C
Grandma's apron shilly shally,
C F C
I love that country charm,
C
There's no place that I'd rather be
C F C
Than right here on my daddy's farm.
G C
And now my daughter informs me,

F G
That like her momma right from the start,

C C
She's a farmgirl,

F G C
A farmgirl at heart.

C C
I'm a farmgirl,
F G C
A farmgirl at heart.
